

## 14 May

### 1000-1200

1000-1040		Opening Ceremony	
			<b>PALERMO (AUDITORIUM HALL 16)</b>
		Welcome and greetings from hosts and authorities	
1040-1200		Plenary I	
1040-1115	INV1	<b>Ventafridda lecture</b> From tumour centred to patient centred cancer care: a three decade journey	Kaasa, S.
1115-1140	INV2	<b>Early Researcher Award</b> Critical issues in drug prescribing at the end of life	Morin, L.
1140-1200	PL1	The effect of the “PACE steps to success” programme on hospital admissions in the last month of life and the place of death of nursing home residents in 7 European countries	Honinx, E.

### 1400-1530

		Free communication session: Advance Care Planning	
Chairs:			<b>PALERMO (AUDITORIUM HALL 16)</b>
1400-1415		How to optimally implement a formalized advance care planning	Fassbender, K.

		framework throughout a complex, multi-sector healthcare system: key lessons from six years of study in Alberta, Canada	
1415-1430		Empowering patient participation in advance care planning discussions: audio-recordings of primary care visits among PREPARE randomized trial participants	Sudore, R.
1430-1445		Effects of advance care planning on use of care; results from the international ACTION study	Korfage, I.
1445-1500		Advance directives in end-stage kidney disease patients receiving haemodialysis: a qualitative study	Economos, G.
1500-1515		"Being on the same page." A qualitative study exploring the role of multidisciplinary educational case conferences in enabling the necessary conversations that underpin advance care planning in rural nursing homes	Rainsford, S.
1515-1530		"Elephant in the room" – advance care planning in nursing homes from the perspective of family members	Kastbom, L.

## 1400-1530

		<b>Italian Session: End of life issues in the Italian Clinical and legal scenario</b>	
			<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
1400-1415		Nuovi scenari della morte assistita in Italia	Trizzino, G.
1415-1430		La legge sulle DAT in Italia e la pianificazione condivisa	Piccione, T.
1430-1445		Contesto di fine vita nei bambini	Benini, F.
1445-1500		Dalla cronaca alla clinica	Mercadante, S.
1500-1515		Sedazione palliativa	Maltoni, M.
1515-1530		Discussion	

### 1400-1530

		<b>Free communication session: Communication and Family</b>	
			<b>MILANO (HALL 4 FIRST FLOOR)</b>
1400-1415		The needs of children and young people when a parent has a life-limiting illness: findings from a qualitative in-depth study	Marshall, S.
1415-1430		The family talk intervention for families when a parent is cared for in palliative care – potential effects from minor children’s perspectives	Eklund, R.
1430-1445		The family talk intervention in palliative home care when a parent with minor children has a life-threatening illness – a feasibility study from the perspectives of parents	Alvariza, A.
1445-1500		(Non-)open communication between terminally ill parents and their adult children at the end of life	Gawinski, L.
1500-1515		Shaped or shared? - Introducing the shared optimum, a reconciliation of best interests and shared decision-making	Streuli, J.
1515-1530		Strategies to reinforce a sense of security in patients and family caregivers in palliative home care – an ethnographical study	Doll, A.

### 1400-1530

		<b>Free communication session: Public Health</b>	
			<b>ROMA (HALL 24)</b>
1400-1415		Non-elective hospitalizations among older people near the end of life: does the illness trajectory matter?	Szilcz, M.
1415-1430		Trajectories of physical, psychological and social well-being in the last 5 years of life: a	Pivodic, L.

		longitudinal study in people with and without cancer	
1430-1445		The changing demographics and place of death in relation to refugee influx: a population-based study in Jordan, 2005-2016	Guo, P.
1445-1500		Resource-oriented palliative care: a conceptual research framework	Borasio, G. D.
1500-1515		Early support in primary care for people starting treatment for poor prognosis cancer	Boyd, K.
1515-1530		Should we trust the cause of death? Comparing death certificates with routinely collected healthcare data in a large cohort of older people	Morin, L.

### 1400-1530

		<b>Free communication session: Bereavement</b>	
			<b>NAPOLI (HALL 20)</b>
1400-1415		The contribution of and support for volunteer palliative care: a survey of volunteers across the health care system	Vanderstichelen, S.
1415-1430		Longitudinal evaluation of volunteer bereavement counseling on wellbeing in adults	Scott, R.
1430-1445		Critical care providers supporting families in bereavement: a mixed-methods study	Downar, J.
1445-1500		In partnership with patients and the public: conducting the international "Care Of the Dying Evaluation" (i-CODE) post-bereavement survey	Mayland, C. R.
1500-1515		Assessing the ethical implications of undertaking distressing interviews in palliative care research	Moore, K. J.
1515-1530		Functional impairment and prolonged grief disorder in bereaved persons: a prospective, population-based cohort study	Kjaergaard Nielsen, M.

### 1630-1800

		<b>Free communication session: Spirituality and Existential Issues</b>	
			<b>PALERMO (AUDITORIUM HALL 16)</b>
1630-1645		Existential distress of terminally ill patients: the burden for specialised palliative care and hospice team members and negative consequences for the quality of care (results of the worldwide most extensive survey among specialised hospice and palliative care workers)	Gabl, C.
1645-1700		Psychological and spiritual distress among advanced cancer patients (AdCa) evaluated in a supportive/palliative care outpatient clinic at a Comprehensive Cancer Center	Delgado Guay, M.
1700-1715		Effectively translating meaning-centered psychotherapy into practice	Pessin, H.
1715-1730		Spiritual care provided by nursing home physicians: a nationwide survey	Gijsberts, M.
1730-1745		How can existential or spiritual strengths be fostered in palliative care? An interpretative synthesis of recent literature	Haufe, M.
1745-1800		A cognitive-existential telephone intervention to improve existential quality of life in advanced cancer	Gagnon, P.

### 1630-1800

		<b>Themed Session: Palliative Care Outcomes</b>	
			<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
1630-1650	INV3	Selecting meaningful outcomes. Methodology to develop Core Outcome Set: COMET	Harman, N.

1660-1710	INV4	Implementation of Patients Reported Outcomes (PROMs) in oncology, palliative care and as methods for integration: does it change clinical practice?	Grønvold, M.
1710-1730	INV5	Where are we now: mapping outcome measurements for patients and relatives in palliative care	Murtagh, F.
1730-1800		Discussion	

## 1630-1800

		<b>Free communication session: Cancer</b>	
			<b>MILANO (HALL 4 FIRST FLOOR)</b>
1630-1645		Preferred and achieved goals of starting treatment in patients with metastatic lung cancer: Patients and oncologists perspective	Pasman, R.
1645-1700		A clinical model to predict 1-year mortality among patients with advanced cancer	Owusuaa, C.
1700-1715		Associations of quality of life and prognostic awareness in patients with advanced cancer	Vlčková, K.
1715-1730		Palliative care and multiple myeloma: will a collaborative approach be possible based on end-of-life criteria?	Chalopin, T.
1730-1745		Understanding the potential of digital therapeutics and artificial intelligence in advanced illness: a discussion of ePAL and the broader future of virtual palliative care	Kamdar, M.
1745-1800		Dilemma of artificial hydration to survival of the terminally-ill cancer inpatients: a cross-cultural, multicenter, prospective study in East Asia	Cheng, S.

### 1630-1800

		<b>Free communication session: Health Economics, Policy and Organization</b>	
			<b>ROMA (HALL 24)</b>
1630-1645		Nationwide evaluation of the quality of palliative care provided by specialist palliative care services using quality indicators	Leemans, K.
1645-1700		Development of core indicators of non-specialist palliative care in hospitals – an international Delphi study	Nevin, M.
1700-1715		Geographical variation in national palliative care key performance indicator (KPI): >3 emergency admissions in the last 90 days of life – exploration of associated factors	Verne, J.
1715-1730		Do nursing care activities for dying patients with or without specialized palliative care in a university hospital differ? A retrospective analysis	Fliedner, M.
1730-1745		A think-aloud study on the feasibility of completing the ICECAP-SCM in patients with end stage organ failure	Nwankwo, H.
1745-1800		Cost effectiveness of pain education in patients treated with radiotherapy for painful bone metastases: a randomized controlled trial	Geerling, J. I.

### 1630-1800

		<b>Poster discussion session 1</b>	
			<b>NAPOLI (HALL 20)</b>
1630-1640		Improving decision-making capacity assessment at the end of life: analysis of the psychometric properties of the MacArthur competence assessment tool for treatment (MacCAT-T)	Kolva, E.
1640-1650		Predictors of duloxetine response in	Matsuoka, H.

		patients with neuropathic cancer pain: a secondary analysis of a randomized controlled trial—JORTC-PAL08 (DIRECT) study	
1650-1700		Exploring the lived experiences of the adult family caregivers caring for patients with malignant fungating wounds in head and neck cancer in India: an interpretative phenomenological	Rao, S. R.
1700-1710		Improving palliative care for people with intellectual disabilities: sustainable implementation of palliative care innovations	Voss, H.
1710-1720		Diagnostic models for impending death in terminally-ill cancer patients who have become bedbound: a multicenter cohort study	Mori, M.
1720-1730		Understanding the processes underpinning the successful implementation of patient-centered outcome measures in routine palliative care: a normalisation process theory approach	Bradshaw, A.
1730-1740		Insights into the dying phase provided by radar-based biometric assessment	Steigleder, T.
1740-1750		Physicians' perspectives on estimating and communicating prognosis in palliative care: a cross-sectional survey	Van der Heide, A.
1750-1800		Do person-centred models of care delivered in the community improve outcomes for people living with HIV/AIDS? A systematic review of the evidence	Abboah-Offei, M.

## 15 May

### 0800-0845

<b>Meet the experts</b>			
0800-0845	MTE1	Palliative Care Outcomes	<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
0800-0845	MTE2	Children's Palliative Care	<b>MILANO (HALL 4 FIRST FLOOR)</b>
0800-0845	MTE3	New Technologies	<b>NAPOLI (HALL 20)</b>

### 0900-1030

<b>Plenary II</b>			
<b>0900-1030</b>			<b>PALERMO (AUDITORIUM HALL 16)</b>
0900-0905		JPM paper of the year	
0905-0910		Journal of Palliative Medicine European Paper of the Year	Haumann, J.
0910-0935	INV6	<b>Early Researcher Award</b> Sedation in Palliative Care: Practice and challenges	Schildmann, E. K.
0935-1000	INV7	<b>Early Researcher Award</b> Contextualising constraints to improve palliative care	Bloomer, M.
1000-1015	PL 2	Effectiveness of a specialized intervention for patients suffering from breathlessness in advanced disease in Germany: a pragmatic fast-track randomized controlled trial (BreathEase)	Bausewein, C.
1015-1030	PL 3	Palliative sedation does not shorten survival in the last days of life in patients with advanced cancer: a propensity score-weighted analysis of a prospective cohort study	Yokomichi, N.

### 1100-1230

<b>Free communication session: Elderly patients and Dementia</b>			
--	--	--	--

			<b>PALERMO (AUDITORIUM HALL 16)</b>
1100-1115		What are the palliative needs of people living with frailty as they near end of life? A systematic review of qualitative literature	Stow, D.
1115-1130		Understanding primary and community care services in individuals with dementia at the end-of-life and its association with multiple hospital admissions: a retrospective cohort study	Leniz, J.
1130-1145		Association between home healthcare, palliative care, emergency transition and intensive care utilization at the end of life for people with dementia: a nationwide 12-year population-based cohort study	Chen, P.
1145-1200		The effects of home health care on healthcare utilisation in people with dementia at the end-of-life: a nation-wide population based study in Taiwan	Smits, L.
1200-1215		The namaste care intervention for people with advanced dementia living in care homes: results from a feasibility cluster randomised controlled trial	Walshe, C.
1215-1230		Dutch general practitioners feel burdened by euthanasia requests from people with dementia. A quantitative survey	Schuurmans, J.

### 1100-1230

		<b>Free communication session: Methodology</b>	
			<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
1100-1115		Measuring prognostic understanding among patients with advanced cancer	Saracino, R.

1115-1130		Assessing quality and bias of palliative care trials: a comparison of two tools	Isenberg, S.
1130-1145		Measuring the success of interventions for caregivers of people with life-limiting conditions: a focused, systematic review	Drummond, M.
1145-1200		Simulation-based research: a scoping review	Vemuri, S.
1200-1215		Can the '6 Ps' of the "social marketing mix framework" help inform the recruitment planning and implementation process? A qualitative multiple case study	Dunleavy, L.
1215-1230		Feasibility of a stepped-wedge (cluster) randomized controlled trial (SWRCT) assessing the effect of the Carer Support Needs Assessment Tool (CSNAT) intervention in the specialized palliative care setting in Denmark	Lund, L.

### 1100-1230

		<b>Themed Session: Opioid "challenges"</b>	
			<b>MILANO (HALL 4 FIRST FLOOR)</b>
1100-1120	INV8	Is opioid addiction a problem in palliative care? Definitions, assessment and clinical implications	Bruera, E.
1120-1140	INV9	Risk factors assessment (research) in opioid addiction and comparison across different countries	Mercadante, S.
1140-1200	INV10	Framing the evidence: do we need to revisit the palliative care opioid guidelines?	Sjøgren, P.
1200-1230		Discussion	

### 1100-1230

		<b>Children's Palliative Care Seminar: Communication and psychosocial</b>	
--	--	---	--

		<b>intervention in paediatric palliative care</b>	
<b>Chairs:</b>		<b><i>Franca Benini, Julie Ling</i></b>	<b>ROMA (HALL 24)</b>
1100-1130	CPC1	Time, tedium and discovery: advancing research in communication in paediatric palliative care	Bluebond-Langer, M.
1130-1145	CPC2	What if? – a qualitative study of bereaved parent experiences of living through the uncertainty of their baby’s birth and death	Price, J.
1145-1200	CPC3	When a child dies: a systematic review of well-defined parent-focused bereavement interventions and their alignment with grief and loss theories	Kochen, E. M.
1200-1230	CPC4	Moving from observation and description to psychosocial interventions in paediatric palliative care	Fuehrer, M.

### 1100-1230

		<b>EAPC-ESMO session: Multidisciplinary working and integration between oncology and palliative care</b>	
			<b>NAPOLI (HALL 20)</b>
		Organization and implementation of integrated palliative care and oncology services	Kaasa, S.
		What should oncologist know about palliative care in care planning in advanced cancer	Jacobsen, J.
		What should palliative care specialists know about oncology A multiprofessional patient centered approach	Letsch, A.
		How to define and limit oncological overtreatment at the end-of life : tools for improving multidisciplinary decision making in advanced cancer”	Cherny, N.

### 1245-1345

1245-1345		EAPC Junior Forum	<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
		Hints to become a successful researcher	Bruera, E.
		Trajectory of a young researcher	Morin, L.

### 1430-1600

		<b>Free communication session: Organ Failure and Non-Cancer</b>	
			<b>PALERMO (AUDITORIUM HALL 16)</b>
1430-1445		A comparison of the referral practices to specialist palliative care by cardiologists, respirologists, and oncologists	Bonares, M.
1445-1500		End-of-life care in hospitalized patients with Parkinson's disease: a 12-year retrospective analysis	Auffret, M.
1500-1515		Provision of palliative care in patients with COPD: a national survey among Dutch pulmonologists and GPs	Broese, J.
1515-1530		Poor outcomes at the end of life: an analysis of liver disease deaths from UK national data	ElMokhallalati, Y.
1530-1545		Patterns of death from non-cancer liver disease in hospital in England: opportunities, or not, for better end of life care	Verne, J.
1545-1600		Outcomes in a frail hospital haemodialysis population	Radley, A.

### 1430-1600

		<b>Free communication session: Other</b>	
--	--	--	--

			<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
1430-1445		Validation of the Responding to Urgency of Need in Palliative Care (RUN-PC) Triage Tool	Russel, B.
1445-1500		Bottlenecks in palliative care for people with intellectual disabilities as experienced by health care professionals, results from a survey	Van Trigt, I.
1500-1515		Care needs of people attending palliative day care centers and their informal caregivers: a prospective survey study	Dierickx, S.
1515-1530		“The patient wants no treatment but I have to do this” - conflicts, burdens and the development of a programmatic concept for the non-physician emergency personnel in Germany	Rieder, N.
1530-1545		Complexities and constraints in end of life care for prisoner patients in Australia	Panozzo, S.
1545-1600		Talking about the end of life; experiences from death lab “ <i>De Dooie Hoek</i> ” at the Lowlands Festival in the Netherlands	Noorlandt, H. W.

### 1430-1600

		<b>Themed Session: Effective components of Palliative Care interventions</b>	
			<b>MILANO (HALL 4 FIRST FLOOR)</b>
1430-1450	INV11	Components of early palliative care trials	Jacobsen, J.
1450-1510	INV12	Effective components of palliative care communication	Parry, R.
1510-1530	INV 13	Adding process to outcome evaluations in clinical trials	Rodin, G.
1530-1600		Discussion	

### 1430-1600

		<b>Children's Palliative Care Seminar: Interventions in pain and symptom management</b>	
			<b>ROMA (HALL 24)</b>
1430-1500	CPC5	Suffering and wellbeing in children with serious illness: strategies for improvement	Wolfe, J.
1500-1515	CPC6	Palliative care referral patterns of adolescent and young adult patients at a comprehensive cancer center	Lockwood, B.
1515-1530	CPC7	Children's, parents' and clinicians' perspectives of "normality" as revealed in conversations between clinicians, parents and children with a high risk brain tumour: Implications for practice	Beecham, E.
1530-1545	CPC8	Pediatric palliative care (PPC) facing ethical challenges and clinical complexity in children with Spinal Muscular Atrophy Type 1(SMA 1) treated with Nusinersen	Agosto, C.
1545-1600	CPC9	Estimating current and future prevalence of life-limiting conditions in children and young people in England	Fraser, L.

### 1630-1800

		<b>Free communication session: Pain and Dyspnoea</b>	
			<b>PALERMO (AUDITORIUM HALL 16)</b>
1630-1645		Prevalence and characteristics of episodic dyspnea in advanced lung cancer patients. Preliminary results from INSPIRA-DOS study	Julià-Torras, J.
1645-1700		Breathlessness and activities forgone: a cross-sectional, population prevalence study	Kochovska, S.
1700-1715		Analgesic response in patients with	Shkodra, M.

		bone and neurological cancer pain syndromes	
1715-1730		Genetic factors associated with pain severity, daily opioid dose, and analgesic response to opioids in advanced cancer patients receiving palliative care	Yennu, S.
1730-1745		The Edmonton Classification System for Cancer Pain (ECS-CP): a pan-Canadian cross-sectional study comparing pain classification features across diverse specialist palliative care settings	Lawlor, P. G.
1745-1800		Improved pain management in a compressive cancer center: 8 years after establishment of a multidisciplinary palliative team	Sørensen, J.

### 1630-1800

		<b>Free communication session: Family Carers</b>	
			<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
1630-1645		Cutting through the intersections to care for caregivers: secondary data analysis of a caregivers support service	Drummond, M.
1645-1700		Parent-adult child dyadic relationships at the end of life	Herbst, F. A.
1700-1715		Resilience and self-care practices in informal caregivers of patients with advanced cancer: results of the eQuiPe study	Van Roij, J.
1715-1730		Caregiving at the margins: an ethnographic exploration of 'family' caregivers' experiences providing care for structurally vulnerable populations at the end-of-life	Stajduhar, K. I.
1730-1745		Pre- and postdeath grief in family caregivers in palliative care in relation to preparedness for caregiving, caregiver burden and	Axelsson, L.

		social support	
1745-1800		Poor physical and mental health during caregiving predicts prolonged grief disorder in family caregivers	Krarp Lenger, M.

### 1630-1800

		<b>Themed Session: Palliative Care in the Intensive Care Unit</b>	
			<b>MILANO (HALL 4 FIRST FLOOR)</b>
1630-1650	INV14	Palliative care in neonatal and pediatric critical care	Ramelet, A.
1650-1710	INV15	End of life decision making in the Intensive Care Unit	Klepstad, P.
1710-1730	INV16	Intensive Care Unit setting: consultation or integration	Cortegiani, A.
1730-1800		Discussion	

### 1630-1800

		<b>Children's Palliative Care Seminar: Advance Care Planning</b>	
<b>Chairs:</b>		<i>Joanne Wolfe, Myra Bluebond-Langner</i>	<b>ROMA (HALL 24)</b>
1630-1645	CPC10	Understanding the wellbeing of parental caregivers of children with life-limiting conditions: findings from a mixed methods scoping study	Henderson, E. M.
1645-1715	CPC11	Advance care planning in paediatric palliative care: how to leverage lessons learned in adult care?	Rietjens, J.
1715-1730	CPC12	The development of a pediatric advance care planning intervention: Implementing Pediatric Advance Care Planning Toolkit (IMPACT)	Kars, M.
1730-1800		Response & Discussion	

## 16 May

### 0800-0845

		<b>Meet the experts</b>	
0800-0845	MTE4	Effective components of palliative care interventions	<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
0800-0845	MTE5	Opioid “challenges”	<b>ROMA (HALL 24)</b>
0800-0845	MTE6	Integration of specialist palliative care: organisational models of collaboration for optimal research	<b>NAPOLI (HALL 20)</b>

### 0900-1030

		<b>Themed session: Integration of Specialist Palliative Care: organisational models of collaboration for optimal research</b>	
			<b>PALERMO (AUDITORIUM HALL 16)</b>
0900-0920	INV17	What do we measure in primary care palliative care studies?	Mitchell, G.
0920-0940	INV18	Cancer: integration and stigma	Zimmerman, C.
0940-1000	INV19	Evaluating methods for optimal integration in frailty and dementia	Evans, C.
1000-1030		Discussion	

### 0900-1030

		<b>Free communication session: Patients who are marginalised by social conditions</b>	
			<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
0900-0915		Developing evidence-based guidance for inclusive communication between healthcare professionals and LGBT+ people with serious illness	Braybrook, D.

0915-0930		Qualitatively understanding barriers faced by lesbians when accessing care: a community-based approach	Candrian, C.
0930-0945		An assessment of chronic illness and palliative care need in a South Sudanese refugee population within Uganda	Leng, M.
0945-1000		Understanding palliative care needs and experiences among refugees in Jordan: a qualitative study	Guo, P.
1000-1015		Mapping medication use and care at the end of life for illicit drug users	Panozzo, S.
1015-1030		Growing research into policy standards: improving palliative care outcomes for people using substances	Galvani, S.

### 0900-1030

		<b>Free communication session: Prognosis</b>	
			<b>MILANO (HALL 4 FIRST FLOOR)</b>
0900-0915		A clinical model to predict 1-year mortality among patients with chronic obstructive pulmonary disease	Owusuaa, C.
0915-0930		PROVIEW: developing a predictive survival model for cancer patients that incorporates symptom and functional score data over time	Seow, H.
0930-0945		Prognosis in Palliative care Study II (PiPS2): a prospective observational validation study of prognostic tools	Stone, P.
0945-1000		Can nurses identify which older acutely hospitalized patients are in their last year of life using the surprise question? A prospective cohort study	Flierman, I.
1000-1015		The prognostic value of the 12, 6, 3, and 1-month(s) surprise question in cancer patients: a prospective cohort study in three hospitals	Brinkman-Stoppelenburg, A.

1015-1030		Clinicians' prediction of survival in far advanced cancer patients among three East Asian countries	Suh, S.
-----------	--	---	---------

### 0900-1030

		<b>Free communication session: Medication and symptoms at the end of life</b>	
			<b>ROMA (HALL 24)</b>
0900-0915		Key aspects for symptom relief during the last week of life in patients with heart failure	Årestedt, K.
0915-0930		Use of potentially inappropriate medication by elderly cancer patients in the last month of life	Ham, L.
0930-0945		Don't stop me now? The continuation of statins among newly admitted nursing home residents	Morin, L.
0945-1000		CARer-ADministration of as-needed subcutaneous medication for breakthrough symptoms in home-based dying patients: the CARiAD open pilot RCT	Poolman, M.
1000-1015		Identification of symptom clusters in a palliative care trajectory; the multidimensional strategies for palliative care study (MuSt-PC)	De Heij, A. H.

### 1100-1230

		<b>Free communication session: Delirium and palliative sedation</b>	
			<b>PALERMO (AUDITORIUM HALL 16)</b>
1100-1115		Improving delirium care at the bedside for adult patients in a palliative care unit: evaluation of an interprofessional modular delirium clinical practice guideline	Bush, S. H.
1115-1130		Control measures for continuous deep sedation until death: a frame	Vissers, S.

		analysis of physicians' views	
1130-1145		Factors predicting the duration of continuous palliative sedation: secondary analysis of a multicentre prospective study	Rijpstra, M.
1145-1200		Cognitive dysfunction in patients with advanced cancer: impact on existential values, meaning, and interpersonal relations	Kurita, G.
1200-1215		Olanzapine for the management of delirium in the palliative care setting – a systematic review	Doherty, M.
1215-1230		Physicians' practices and experiences with the continuous use of sedatives in the last days of life: a questionnaire study in eight countries	Heijltjes, M. T.

### 1100-1230

		<b>Poster discussion session 2</b>	
			<b>VENEZIA (HALL 4 GROUND FLOOR)</b>
1100-1110		Mixed methods feasibility cluster randomised controlled trial of a community-based enhanced care intervention to improve person-centred outcomes for people living with HIV in Ghana	Abboah-Offei, M.
